

**Annex I: List of modifications of the IPARD Programme as approved by Commission Decision XX**

N	page number	Chapter	Current text as approved by the EC	Proposed modification	Justifications
<b>PART I SITUATION OF AGRICULTURE AND RURAL AREAS</b>					
1.	Pg. 26	1.2. Description of rural areas 1.2.2. Definition of the rural areas for RD policy implementation 1.2.2.2 Designation of Mountainous Areas Paragraph 4	For the purpose of the Programme implementation, the List of 'mountainous' areas is included in <b><u>Annex 15</u></b> .	For the purpose of the Programme implementation, the List of 'mountainous' areas is included in <b>Annex 19</b> .	<i>Correction of technical mistake in the annex numbering according to fourth programme modification</i>
2.	Pg.122	1.4. Agriculture and food processing 1.4.12 Food processing industry 1.4.12.6. Wine industry Paragraph 1	In the country there are currently 50 registered wineries located in the main vine growing regions ( <b><u>see Annex 15</u></b> ).	In the country there are currently 50 registered wineries located in the main vine growing regions.	<i>Correction of technical mistake: Reference to the Annex is deleted as the annex is deleted according to fourth programme modification.</i>
<b>PART III STRATEGY OF THE IPARD PROGRAMME 2007-2013</b>					
3.	Pg.232	3.3. Financial plan, aid level and EU contribution	<b>3.3.1. IPARD Financial Plan 2007-2013</b>  <b>Table III - 4 Maximum EU Contribution for IPARD funds <u>2007-2013</u>(117), in EUR</b>  <b>Table III - 5 Financial Plan per Priority axes <u>2007-2013</u>, in EUR</b>	<b>3.3.1. IPARD Financial Plan 2007-2011</b>  <b>Table III - 4 Maximum EU Contribution for IPARD funds <u>2007-2013</u>(117), in EUR</b>  <b>Table III - 5 Financial Plan per Priority axes <u>2007-2013</u>, in EUR</b>	<i>Financial modifications are proposed in accordance with Article 36 of the Sectoral Agreement</i>  <i>(See Annex II of the Modification proposal)</i>
4.	Pg.233	3.3. Financial plan, aid level and EU contribution	<b>3.3.2. Indicative breakdown by measure <u>2007-2013</u></b>  <b>Table III - 6 Indicative financial plan of IPARD Programme per measure <u>2007-2013</u>, in EUR</b>	<b>3.3.2. Indicative breakdown by measure <u>2007-2013</u></b>  <b>Table III - 6 Indicative financial plan of IPARD Programme per measure <u>2007-2013</u>, in EUR</b>	<i>Financial modifications are proposed in accordance with Article 36 of the Sectoral Agreement</i>  <i>(See Annex II of the Modification proposal)</i>
5.	Pg.234	3.3. Financial plan, aid	<b>3.3.3. Indicative allocation of EU</b>	<b>3.3.3. Indicative allocation of EU contribution by measure</b>	<i>Financial modifications are proposed in accordance with Article 36 of the Sectoral</i>

Date: August 2014

		level and EU contribution	<b>contribution by measure <u>2007-2013</u></b>  <b>Table III - 7 Indicative allocation of EU Contribution by Measure <u>2007-2013</u>, in EUR</b>  <b>Table III - 8 Percentage allocation of EU contribution by measure 2007--2013 (for monitoring purpose only)</b>	<u>2007-2013</u>  <b>Table III - 7 Indicative allocation of EU Contribution by Measure <u>2007-2013</u>, in EUR</b>  <b>Table III - 8 Percentage allocation of EU contribution by measure <u>2007-2013</u> (for monitoring purpose only)</b>	<i>Agreement</i>  <i>(See Annex II of the Modification proposal)</i>
<b>PART IV TECHNICAL MEASURE FICHES</b>					
<b>Measure 101 Investments in agricultural holdings to restructure and to upgrade to Community standards</b>					
6.	M101 Pg257	1.4 Priority sectors and the type of eligible investments	Through: <b><u>1. Group of investments regards agricultural holding as a whole to support the development of viable plant production and livestock breeding farms according to the Community standards and for which the prospect of economic viability at the end of the realisation of the investment can be demonstrated.</u></b> <b><u>2. Group of investments aimed to support the modernisation of particular farm operations in accordance with the Community standards to sustain the development of viable plant production and animal breeding farms and for which the prospect of economic viability at the end of the realisation of the investment can be demonstrated.</u></b>	Through <b>Group of investments per each priority sector as described below</b>	<i>IPARD Agency proposal: This paragraph to be deleted as the group of investment per priority sector is described in detail in section "Description of Group of Investments per priority sector" starting from pg. 252.</i>

7.	M101 Pg. 258	1.4 Priority sectors and the type of eligible investments Description of Group of Investments per priority sector: 10131 Construction / Reconstruction and modernisation of fixed greenhouses (excluding plastic tunnels) and glasshouses:	Bullet 5 Procurement of agricultural machinery and equipment for <b>orchard</b> cultivation, crop protection; fertilisation, harvesting and post-harvesting,	Bullet 5 Procurement of agricultural machinery and equipment for cultivation, crop protection, fertilisation, harvesting and post-harvesting,	<i>Technical mistake corrected. The word "orchard" is deleted since this section concerns group of investments for vegetable.</i>
8.	M101 Pg. 258	1.4 Priority sectors and the type of eligible investments Description of Group of Investments per priority sector: 10132 Modernisation of open-field vegetable production:	<b>Bullet 5</b> Procurement of agricultural machinery and equipment for <b>orchard</b> cultivation, crop protection; fertilisation, harvesting and post-harvesting	<b>Bullet 5</b> Procurement of agricultural machinery and equipment for cultivation, crop protection, fertilisation, harvesting and post-harvesting,	<i>Technical mistake corrected. The word "orchard" is deleted since this section concerns group of investments for vegetable.</i>
9.	M101 Pg. 260	1.5 Eligibility Criteria 1.5.1. Requirements for application General requirements	9) An applicant may submit concurrent proposals under different Measures of the Rural Development Programme. <b><u>However, the applicant may only submit one project proposal at a time under the same Measure.</u></b> - If the proposal under one Measure is approved, the applicant will have to complete that project before being able to submit another proposal under the same Measure. <b><u>- New sub-point added</u></b>  - In the case of Measures consisting of Sub-Measures, the applicant may submit a single application which consists of components for various Sub-Measures of a Measure.	9) An applicant may submit concurrent proposals under different Measures of the Rural Development Programme.  - If the proposal under one Measure is approved, the applicant will have to complete that project before being able to submit another proposal under the same Measure. <b>- If the proposal under one of the measures is rejected, the applicant can apply again but only after receiving the decision for project rejection with which the Agency will notify the reasons for rejection.</b> - In the case of Measures	<i>Request from IPARD Agency: Since the PA is planning to announce one open public call until the end of the implementation of IPARD 2007 – 2013 this amendment allows potential beneficiaries to apply again within the same public call if their previous application has been rejected</i>

				consisting of Sub-Measures, the applicant may submit a single application which consists of components for various Sub-Measures of a Measure.	
10.	M101 Pg. 260	1.5 Eligibility Criteria 1.5.1. Requirements for application General requirements	New point 10)added	<b>10) In case of investments in installation of technical utilities for provision of sustainable use of energy from renewable sources and purchase of agriculture machinery, the investment can be used only for on-farm operational / production activities at the level of agriculture holding as a whole, regardless under which priority sector the support for investment was granted.</b>	<i>IPARD Agency proposal: New requirement is proposed as to clarify that the investments in use of energy from renewable sources and purchase of agriculture machinery shall be in function and use to all operational/ production activities on-farm regardless under which priority sector the installation/utilities and purchase of agriculture machinery was granted to the beneficiary. This is proposed as to achieve efficiency of the investment.</i>
11.	M101 Pg. 262	1.5 Eligibility Criteria 1.5.1. Requirements for application Specific requirements for investments in plant production (vineyards, orchards and vegetable)	1) The reconstruction of perennials on existing surfaces without their increase <b><u>is eligible if one of the following conditions applies:</u></b> - replacing of the perennial trees/bushes/vines <b><u>older than 20 years in case of vines of wine varieties or 15 years in case of fruit trees/bushes/table grape vines;</u></b> - re-conversion in terms of varietal adaptation from wine varieties into fruit or table grape varieties; - re-conversion in terms of varietal adaptation from one wine/fruit varieties into other wine/fruit varieties; - adaptation to raise the vines of wine varieties, from low bush to trellis/espalier cultivation system; - adaptation of orchard cultivation to espalier systems; - replacing the perennials of not recommended varieties and hybrids	1) The <b>investments in reconstruction of perennials must be</b> on existing surfaces without their increase <b>and shall aim to achieve the following:</b> - replacing of the aging perennial trees/bushes/vines; - re-conversion in terms of varietal adaptation from wine varieties into fruit or table grape varieties; - re-conversion in terms of varietal adaptation from one wine/fruit varieties into other wine/fruit varieties; - adaptation to raise the vines of wine varieties, from low bush to trellis/espalier cultivation system; - adaptation of orchard cultivation to espalier systems; - replacing the perennials of not	<i>Simplification of implementation The exact years of ageing of perennials is difficult to be confirmed and verified, therefore it is proposed for this requirement to be presented in the business plan/technical project proposal.</i>

				recommended varieties and hybrids	
12.	M101 Pg. 263	1.5 Eligibility Criteria 1.5.1. Requirements for application Specific requirements for investments in plant production (vineyards, orchards and vegetable) Point 5)	<b>5) The project concerning investments in construction to set-up new greenhouses/glasshouses for vegetable production must aim to replace of plastic tunnels or open-field vegetable production.</b> Modernisation projects involving <b>reconstruction for improvement of existing</b> greenhouses / glasshouses must not consider interventions on plastic tunnels.	4) Projects related to setting up or modernization of greenhouses / glasshouses for protected cultivation of vegetables are limited to investments in permanent structures - high greenhouses and glasshouses (low plastic tunnels are excluded as non-permanent greenhouse structures)	<i>Simplification of implementation: The requirement is aligned to the 1.73. Specific definition of beneficiaries meaning that</i>
13.	M101 Pg. 263	1.5 Eligibility Criteria 1.5.1. Requirements for application Specific requirements for investments in plant production (vineyards, orchards and vegetable) Point 6) line 3 is modified and line 4 is deleted	<b>Paragraph 3</b> The applicant has to prove the source or availability of water for irrigation with respect to the Law on Water, Law on Water Communities and Law on Water economies or other public arrangements for water and communal issues where applicable; <b>Paragraph 4</b> The on-farm investments for securing own provision of groundwater and/or surface water for irrigation, shall be eligible if the water availability cannot be ensured by water transfer through the irrigation network managed by the Water Economies or Water Communities or other public arrangements for water and communal issues where applicable. In this case the assistance may be granted with respect to the Law on Water at the end of the investment -	<b>Paragraph 3</b> - The applicant has to prove the source or availability of water through an agreement with the Water Communities or Water economies or through existence of water source for irrigation purposes according to the Law on Water or other public arrangements for water and communal issues where applicable, <b>at the end of the investment;</b>	<i>Simplification of implementation: Since the length of the procedure for acquiring licences under the Law on water is more than the length of approval of applications, clarification is added that this condition must be achieved at the end of the investment. Paragraph 4 is deleted due the fact that the deletion was approved with the fourth modification but in submitting the fifth financial modification of the Programme to EC by mistake the line 4 was still in the text</i>
14.	M101 Pg. 264	1.5 Eligibility Criteria 1.5.1. Requirements for application Specific requirements for investments in plant production (dairy	<b>2) The animal/poultry housing must be aligned to the EU hygiene, sanitary, animal welfare and veterinary standards at the end of the investment;</b>	<b>Point 2) to be deleted Point 3) and point 4) become point 2) and point 3)</b>	<i>Simplification of implementation The requirement is covered under point 3 in the "General requirements"</i>

		animals, fattening animals and poultry) Point 2)			
15.	M101 Pg. 265	1.5 Eligibility criteria 1.5.2 Eligible expenditures point 2 Paragraph 1 after point b)	Paragraph 1 after point b) The eligible expenditures are specified in the List of eligible Expenditures as accepted by the Commission. New paragraphs under point d).	<b>Paragraph 1 after point b) with the following text “The eligible expenditures are specified in the List of Eligible Expenditures as accepted by the Commission.” is proposed to be moved after point e). New paragraphs 1 and 2 are proposed to be added under point d): “The general costs under point d) may be considered eligible for co-financing if: - the applicant has requested support for general costs in the application providing detailed documentation justifying the reality and validity of the costs - the project to which they relate is actually selected and contracted by the IPARD Agency. The IPARD Agency is responsible to check the reality and validity of the general costs and publish in the beneficiaries’ guidelines the set of requirements and documents needed for justification of general costs by the applicant.”</b>	<i>Paragraph 1 after point b) is moved after point e) as the List of eligible expenditures also includes detailed expenditures for point c), d) and e) as well. New conditions introduced by the Agency on assessing the justification of the general costs, their insurance and validity is added to clarify the eligible costs under point d).</i>
16.	M101 Pg. 268- 269	1.7 Beneficiaries 1.7.3. Specific definition of beneficiary per priority sector: <b>1012 Orchards</b>	<b><u>Paragraph 3</u></b> <b><u>In case of investments being proposed by the agriculture holding to establish new or modernize the existing post-harvesting activities, the capacity of the storage and equipment shall correspond to the prospect of</u></b>	Paragraph 3 is proposed to be deleted	<i>Proposed deleting of Paragraph 3 is to avoid repetitions as this requirement is stated under point 7) in the section 1.5 Eligibility Criteria 1.5.1. Requirements for application Specific requirements for investments in plant production (vineyards, orchards and</i>

			<u>production output of fruit.</u>		vegetable)
17.	M101 Pg. 269	1.7 Beneficiaries 1.7.3. Specific definition of beneficiary per priority sector: <b>1013 Vegetables</b>	<b><u>Paragraph 3</u></b> <b><u>In case of investments being proposed by the agriculture holding to establish new or modernize the existing post- harvesting activities, the capacity of the storage and equipment shall correspond to the prospect of production output of vegetables</u></b>	<b>Paragraph 3 is proposed to be deleted</b>	<i>Proposed deleting of paragraph 3 is to avoid repetitions as this requirement is stated under point 7) in the section 1.5 Eligibility Criteria 1.5.1. Requirements for application Specific requirements for investments in plant production (vineyards, orchards and vegetable)</i>
18.	M101  Pg. 275	<b>1.10 Financing</b>	<b>Table 1: Indicative Financial Plan for Measure 101 (2007-2013), in EUR</b>  <b>Table 2: Indicative breakdown of Measure 101 per priority sectors, in Euro</b>	<b>Table 1: Indicative Financial Plan for Measure 101 (2007- 2012), in EUR</b>  <b>Table 2: Indicative breakdown of Measure 101 per priority sectors, in Euro</b>	<i>Financial modifications are proposed in accordance with Article 36 of the Sectoral Agreement  (See Annex II of the Modification proposal)</i>
19.	M101 Pg. 265	1.7 Beneficiaries	1.7.4. Other <u>requiements</u> (occupational skills etc.)	1.7.4. Other <b>requirements</b> (occupational skills etc.)	<i>Technical mistake corrected in the title of this section</i>
<b>Measure 103 Investments in the processing and marketing of agriculture and fishery products to restructure those activities and to upgrade them to Community standards</b>					
20.	M103 Pg. 288	1.5 Eligibility criteria 1.5.2 Eligible requirements General requirements, new point	<b>New point 9)</b>	New point 9) is proposed to be added with the following text: “ An applicant may submit concurrent proposals under different Measures of the Rural Development Programme.  - If the proposal under one Measure is approved, the applicant will have to complete that project before being able to submit another proposal under	<i>To align with the general requirements of the other measures – this was omitted in M103 but included for M101 and M302 and Request from IPARD Agency: Since the PA is planning to announce one open public call until the end of the implementation of IPARD 2007 – 2013 this amendment allows potential beneficiaries to apply again within the same public call if their previous application has been rejected</i>

				<p>the same Measure.</p> <p>- <b>If the proposal under one of the measures is rejected, the applicant can apply again but only after receiving the decision for project rejection with which the Agency will notify the reasons for rejection.</b></p> <p>- In the case of Measures consisting of Sub-Measures, the applicant may submit a single application which consists of components for various Sub-Measures of a Measure. “</p>	
21.	M103 Pg. 287	1.5 Eligibility criteria 1.5.1 Requirements for application Specific requirements, point 2)	2) The projects in fruit and vegetable processing sector shall exclude investments in production of fruit juices from fruit concentrates and fruit jams;	<p><b>Line is proposed to be added under point 2) with the following text:</b></p> <p>- The projects in fruit and vegetable processing sector shall exclude investments in production of fruit juices from fruit concentrates and fruit jams as final products <b>but the production of fruit concentrated and fruit pulp is eligible investment under the Programme</b></p>	<i>Clarification asked by the stakeholders - Producers of fruit juices which intend to establish production lines for processing fresh fruits into pulp and producing fruit juice, concentrated fruit juice or fruit nectar (meaning other than producing fruit juice from concentrates) –therefore further clarification is asked by the IPARD Agency that these food operators can apply for the eligible</i>
22.	M103 Pg. 287	1.5 Eligibility criteria 1.5.1 Requirements for application Specific requirements, point 5)	<b><u>5) As to prove sustainability of milk collection centre or collection centre for fruit and vegetables, the applicant must provide at least annual contracts with agriculture producers demonstrating regular supply of at least 30% of the raw material for processing or fresh produce</u></b>	<p>Deleted</p> <p><b>Point 6), point 7), point 8) and 9) become point 5), point 6), point 7) and point 8)</b></p>	<i>Simplification of implementation: The requirement is proposed to be deleted as it is difficult to measure the exact percentage required, the documents submitted are slowing down the controls</i>
23.	M103 Pg. 287-288	1.5 Eligibility criteria 1.5.1 Requirements for application 1.5 Eligibility criteria 1.5.1 Requirements for application Specific requirements,	8) All the beneficiaries must be registered in the Register for purchasers of agriculture products in MAFWE according to the Law on agriculture and rural development. The collection centres for fresh fruits and vegetables for further trade of the fresh produce must also register	7) All the beneficiaries must be registered in the Register for purchasers of agriculture products in MAFWE according to the Law on agriculture and rural development <b>at the end of the</b>	<i>Specification of the timeframe in which the user is required to be registered in the register of purchasers of agricultural products. This specifically applies to beneficiaries whose investment involves construction of new collection centres. These beneficiaries can obtain the</i>

		point 8)	with respect to Law on trade at the end of the investment;	<b>investment.</b> The collection centres for fresh fruits and vegetables for further trade of the fresh produce must also register with respect to Law on trade at the end of the investment;	<i>decision for registration of the buildings and food operators after the investment is finished/realized</i>
24.	M103 Pg. 288	1.5 Eligibility criteria 1.5.1 Requirements for application Specific requirements, point 9) Please check the correct heading	<b><u>9) Excluded from investment are food operators which already meet EU standards and are registered for export in the EU. However, the</u></b> food operators which are registered for export in the EU are eligible for <b><u>grant</u></b> support in investments in other production facilities in order to achieve the relevant EU standards.	<b>8)</b> Food operators which are registered for export in the EU are eligible for support only for investments in other production <b>lines of the enterprise/establishment</b> which do not meet EU standards, in order to achieve the relevant EU standards.	<i>Clarification of the text. The current text which excludes food operators who are registered for export to the EU has been replaced with a new, clearer and correct wording which allows these companies to apply for financial support in buildings/production lines they own and which do not fulfils EU standards</i>
25.	M103 Pg. 288	1.5 Eligibility criteria 1.5.2 Eligible investments point 2. c)	c) General costs linked to expenditure referred to in points (a) and (b), such as architects, engineers and other consultation fees, feasibility studies, the acquisition of patent rights and licenses shall be eligible up to a ceiling to 12% of the costs referred to in points (a) and (b) according to the following conditions: *for projects with eligible expenditure of the investments referred to in points (a), (b) <b><u>and (c)</u></b> greater than 3 million, the business plan preparation costs cannot be greater than 3% of the eligible expenditure of these investments; *for projects with eligible expenditure of the investments referred to in points (a), (b) <b><u>and (c)</u></b> of at least 1 million and no more than 3 million, the business plan preparation costs cannot be greater than 4% of the eligible expenditure of these investments and; *for projects with eligible expenditure of the investments referred to in points (a), (b) <b><u>and (c)</u></b> less than 1 million business plan preparation costs cannot be greater than 5% of the eligible expenditure of these	c) General costs linked to expenditure referred to in points (a) and (b), such as architects, engineers and other consultation fees, feasibility studies, the acquisition of patent rights and licenses shall be eligible up to a ceiling to 12% of the costs referred to in points (a) and (b) according to the following conditions: *for projects with eligible expenditure of the investments referred to in points (a) and (b) greater than 3 million, the business plan preparation costs cannot be greater than 3% of the eligible expenditure of these investments; *for projects with eligible expenditure of the investments referred to in points (a) and (b) of at least 1 million and no more than 3 million, the business plan preparation costs cannot be greater than 4% of the eligible	<i>Technical mistake corrected: The deletion is to correct technical mistake as the eligible investments are numbered as bullet points a) and b) (it is a copy paste mistake as in the M101 there is additional eligible investment as point c) which relates to purchase of perennials)</i>

			investments	expenditure of these investments and; *for projects with eligible expenditure of the investments referred to in points (a) and (b) less than 1 million business plan preparation costs cannot be greater than 5% of the eligible expenditure of these investments	
26.	M103 Pg. 288	1.5 Eligibility criteria 1.5.2 Eligible investments point 2	New paragraphs 2 and 3	After paragraph 1 point c), new paragraphs 2 and 3 are proposed to be added with the following text: “ <b>The general costs under point c) may be considered eligible for co-financing if:</b> - the applicant has requested support for general costs in the application providing detailed documentation justifying the reality and validity of the costs - the project to which they relate is actually selected and contracted by the IPARD Agency. The IPARD Agency is responsible check the reality and validity of the general costs and publish in the beneficiaries’ guidelines the set of requirements and documents needed for justification of general costs by the applicant.”	<i>New conditions introduced by the Agency on assessing the justification of the general costs, their occurrence and validity.</i>
27.	M103 Pg. 291	1.7 Beneficiaries 1.7.1. General definition of the beneficiaries	2) Assistance maybe granted to investments in establishments which are part of enterprises: - which employ fewer than 250 persons and which have an annual turnover not exceeding EUR 50 million, and/or an annual balance sheet total not exceeding	2) Assistance maybe granted to investments in establishments which are part of enterprises: - which employ fewer than 250 persons and which have an annual turnover not exceeding EUR 50 million, and/or an	<i>New line 2 is proposed to be added to align to EC Regulation (EC) 718/2007 Article 176 point 4 (b).</i>

			EUR 43 million, giving priority to investments aiming to align the establishment with all the relevant Community standards;	annual balance sheet total not exceeding EUR 43 million, giving priority to investments aiming to align the establishment with all the relevant Community standards; - <b>which employ fewer than 750 persons or have an annual turnover not exceeding EUR 200 million, where the purpose of the investments is to make the establishment comply with the relevant Community standards;</b>	
28.	M103 Pg. 292	1.7 Beneficiaries 1.7.3. Other requirements (occupational skills etc.)	<b><u>1.7.3. Other requirements (occupational skills etc.)</u></b> <b><u>The beneficiaries (sole proprietor, legal entity, cooperative) shall prove professional occupation achieved in accordance with the national legislation for food safety.</u></b>	The requirement is proposed to be deleted	<i>This requirement is mandatory for all food operators subject to their registration in the Food and Veterinary Agency – meaning that under the national legislation the legal entities cannot produce food and be registered as food operators if adequate training modules are not passed by the relevant employees– so it is proposed to delete this requirement as to reduce the controls by the IPARD Agency</i>
29.	M103  Pg.  298	1.10 Financing	<b>Table 3: Indicative Financial Plan for Measure 103 (2007-2013), in EUR</b>  <b>Table 4: Indicative breakdown of Measure 103 Budget by priority sector, in EUR</b>	<b>Table 3: Indicative Financial Plan for Measure 103 (2007-2013), in EUR</b>  <b>Table 4: Indicative breakdown of Measure 103 Budget by priority sector, in EUR</b>	<i>Financial modifications are proposed in accordance with article 36 of the Sectoral Agreement (See Annex II of the Modification proposal)</i>
<b>Measure 302: Diversification and development of rural economic activities</b>					
30.	M302 Pg. 307	1.5 Eligibility criteria 1.5.1 Requirements for application General requirements	<b><u>1) The applicant should be established in a rural areas as defined in section 1.12. Geographical Scope in this Measure Fiche.</u></b>	<b><u>2) The applicant must propose investments in a rural areas as defined in section 1.12. Geographical Scope in this Measure Fiche.</u></b>	<i>To avoid repetition and to clarify that the investment should be in rural area</i>

31.	M302 Pg. 308	1.5 Eligibility criteria 1.5.2 Eligible requirements General requirements, new point	<p>9) An applicant may submit concurrent proposals under different Measures of the Rural Development Programme. <b><u>However, the applicant may only submit one project proposal at a time under the same Measure.</u></b></p> <p>- If the proposal under one Measure is approved, the applicant will have to complete that project before being able to submit another proposal under the same Measure.</p> <p><b><u>- New sub-point added</u></b></p> <p>- In the case of Measures consisting of Sub-Measures, the applicant may submit a single application which consists of components for various Sub-Measures of a Measure.</p>	<p>New point 9) is proposed to be added with the following text: “ An applicant may submit concurrent proposals under different Measures of the Rural Development Programme.</p> <p>- If the proposal under one Measure is approved, the applicant will have to complete that project before being able to submit another proposal under the same Measure.</p> <p><b>- If the proposal under one of the measures is rejected, the applicant can apply again but only after receiving the decision for project rejection with which the Agency will notify the reasons for rejection.</b></p> <p>- In the case of Measures consisting of Sub-Measures, the applicant may submit a single application which consists of components for various Sub-Measures of a Measure. “</p>	<p><i>Request from IPARD Agency: Since the PA is planning to announce one open public call until the end of the implementation of IPARD 2007 – 2013 this amendment allows potential beneficiaries to apply again within the same public call if their previous application has been rejected</i></p>
32.	M302 Pg. 307- 308	1.5 Eligibility criteria 1.5.1 Requirements for application Specific requirements for investments into establishment and upgrade of non-agriculture activities in rural areas: Production of food products point 2), 3), 4), 5)	<p><b><u>2) Applicant – agriculture holding must be registered in the Farm Register. The applicant must ensure that the agriculture production capacities secure at least 30% of raw materials for production of traditional/novelty product is from own resources when applying for support;</u></b></p> <p><b><u>3) Applicant – trade company or sole proprietor must be registered in the Central registry as micro or small enterprise dealing with food processing and provide pre-contracts with agriculture producers or other cooperation proof demonstrating</u></b></p>	<p><b>2) In case the project covering investments in production of traditional food products is proposed by family agriculture holding the production activities must be in accordance to the Decree for type of economic activities which may be performed as additional activities on family agriculture holdings and their size, subject to compliance to the production activities as listed in Annex 15</b></p>	<p><i>Simplification of implementation: The beneficiaries under this measure are already defined in section 1.7. Beneficiaries of M302 Clarification for family agriculture holdings is proposed in alignment with the national legislative requirements Simplification of implementation: The requirement for securing at least 30% of raw materials for production is proposed to be deleted as it is difficult to measure the exact percentage against the total raw material required and the quantity of final product.</i></p>

			<p><b><u>regular supply of at least 30% of the raw material for processing when applying for support;</u></b></p> <p><b><u>4) Applicant – cooperative must be registered in the Central registry dealing with agriculture and food processing and provide cooperation agreements with its members or other cooperation proof with agriculture producers demonstrating regular supply of at least 30% of the raw material for processing when applying for support;</u></b></p> <p><b><u>5) Applicant – craftsmen must be registered in the Crafts Register for production of food with respect to the national legislation on craft activities that compulsory are provided in closed premises.</u></b></p>	Points 3), 4) and 5) are proposed to be deleted	
33.	M302 Pg. 308	1.5 Eligibility criteria 1.5.1 Requirements for application Specific requirements for investments into establishment and upgrade of non-agriculture activities in rural areas: Production of non-food products point 2)	<p><b><u>2) Applicant – trade company or sole proprietor must be registered in the Central registry as micro or small enterprise dealing with non-food processing as those listed in Annex 16.</u></b></p>	2) In case the project covering investments in production of non-food products is proposed by family agriculture holding the production activities must be in accordance with the Decree for type of economic activities which may be performed as additional activities on family agriculture holdings and their size, subject to compliance to the production activities as listed in Annex 16	<p><i>Simplification of implementation: The beneficiaries under this measure are already defined in section 1.7. Beneficiaries of M302</i></p> <p><i>Specific clarification is only proposed for family agriculture holdings in alignment with the national legislative requirements</i></p>
